semination of Earth Resources Survey
Program information and without liability
for any use made thereof."*

Gentlemen:

This letter constitutes a Type I progress report as called for in Article II of the NASA contract document NAS5-21817.

- (a) This report concerns ERTS-A proposal NASA Control No. 25-001-041 having the title: Study of the Application of Remote Sensing Data to Land Use Planning on the Mississippi Gulf Coast.
- (b) The principal investigator is
Frank Ingels, Ph.D.
Principal Investigator - UN649
Mississippi State University
Drawer EE
Mississippi State, Mississippi 39762
- (c) At this time there are no problems impeding the progress of the investigation.
- (d) During the reporting period (ending September 30, 1972) the following items have been accomplished:
 - (1) All personnel have been contacted (A list of these persons is included at the end of this report.)
 - (2) A compilation of existing land use documents and maps has been made for the Mississippi Gulf Coast Area. The documents will be used for assessing the accuracy of the ERTS-A computer maps of land use classification. Differences will be investigated since existing documents are not considered completely accurate due to the time lapse involved in accumulating and disseminating the material.
- (e) No significant results have been obtained during this period.
- (f) No papers on publications have been released during this period.
- (g) No recommendations are offered at this time.
- (h) There are no changes in standing order forms.
- (i) There are no description forms for this period.
- (j) All data for this project is obtained through NASA-MTF/ERL. There are no request forms filed specifically for this project.
- (k) There is no other information to report at this time.

(E72-10087) STUDY OF THE APPLICATION OF
REMOTE SENSING DATA TO LAND USE PLANNING ON
THE MISSISSIPPI GULF COAST Progress
Report, period F. Ingels (Mississippi

Personnel List

Dr. C. W. Bouchillon
Co-ordinator of Interdisciplinary Programs
Drawer GH, Miss. State, Miss. 39762
(601) 325-4325

Mr. R. W. Boyd
Data Systems
Drawer EE, Miss. State, Miss. 39762
(601) 325-3912

Mrs. Ellen Bryant
Demographer
Drawer C, Miss. State, Miss. 39762
(601) 325-5024

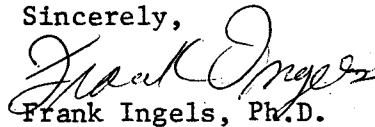

Mr. Robert Chapin
Land Use and Planning
Drawer T, Miss. State, Miss. 39762
(601) 325-3223

Dr. Frank Ingels
Principal Investigator
Drawer EE, Miss. State, Miss. 39762
(601) 325-3912

Dr. S. R. Jones
Marketing
Drawer N, Miss. State, Miss. 39762
(601) 325-3163

Mr. S. Whitley
Data Reduction Specialist NASA-MTF
Bay St. Louis, Miss. 39520
(601) 688-4255

Sincerely,

Frank Ingels, Ph.D.

Associate Professor

Department of Electrical Engineering
